Native tree planting along Mulga Way, to tie into surrounding landscape

Tree planting to the surrounds of Wickham's Shopping Centre helping to brighten up the precinct and to visually establish it as an important landmark within the town of Wickham. Removal of old scrub and poorly formed vegetation within the drain swales will also help revitalise this area.

Tree planting to the pedestrian path leading from Carse Street to the Shopping Centre

Tree planting along the length of Carse Street to connect in with the recent tree planting works to Wickham Skate Park
