**Subject:** ICR185687 - RV.10 - Rates increase!

To whom it may concern,

We, Peter Bywaters and Louise McCrudden of 13 Flynn Crescent in Dampier object to the increase in rates this year. We cannot comprehend how you can add this financial strain to the people who are still reeling from the blows of the last few years and struggling to keep our heads above water.

The rates were already extortionate and blamed on the over inflated house prices, while we still struggle to make the huge payments on our devalued properties we can only hope for a huge decrease this year in the cost of rates, but you raise it further!

You need to support the people of Karratha who are trying to make our payments and take responsibility for our decisions.

It feels like you are hitting us while we are down, trying to drive out the people who have tried to stick it out and make our life here.

Having both residential and industrial rates to pay this is an impossible feat for us.

I beg you to reconsider the rates model

Regards

Peter Bywaters & Louise McCrudden
