To whom it may concern,

On behalf of my Husband and I, owners and residents at 10 Cowrie Court in Bulgarra, we would like to state that we object increasing our rates when our house has been substantially devalued.

We also object to the proposal of building a new hotel, when so many other facilities and projects are missing that are more beneficial and essential to the development of this City.

I would suggest dropping the airfares prices (considerably) to allow the influx of visitors to the Pilbara and allow residents to travel across Australia more often and with fair prices. We have a family of 4 and if we want to go to Perth the average cost of tickets is above \$2000. If we were in Perth or another capital city, for just double the amount we could travel overseas/Europe.

I really hope that you have in consideration the request of the residents.

Kind regards,
