Councillors of the city of Karratha

While I appreciate the work that the City does and the need for money, that the City is investing in the future and providing income streams through a property portfolio, I believe increasing the rates for the all time high at which they sit, is wrong.

We have three properties in the area, they are rented out, but we are hanging on by a thread because we work hard. We are locals.

Consider this email to represent three properties and three votes of NO to the rate increases.

Regards  
A and C Biar-Martin

Sent from my highly desirable piece of overpriced gadgetry which is pretty cool.
