To whom it may concern

I am just wanting to as a karratha home owner express mine and my husbands disappointment at the proposed rate increase for ours and other home owners in Karratha.

The need to increase rates when you have proposed funding of a new hotel that as a community we do not need. There are plenty of hotels in town that are not at capacity a lot that are within walking distance to the city centres where the proposed site is.

I as many other people I think this money would be better used back in your rate payers pockets.
