Subject: ICR186064 - RV.10 - CoFK rate rise.

Hi

My name is Dale Scott and I own and live at 38 Hunt Way Bulgarra.

I strongly object to the City of Karratha increasing our rates, especially when my house has significantly devalued since the last evaluation and I have had to pay for the Underground Power you decided to install at our cost. This has almost broke me and I am still paying for it, even though I have paid the CoK back all I owe.

I think that the CoK counsel need to have a good look at what they are trying to do to this town. You need to look after the people who live here and want to continue to live here. The boom as it was called is not over. You have made many improvements to the town, but at some stage the people need to be looked after and thought of first.

Please DO NOT raise our rates.

Thank you for your consideration
