Dear Sir/madam

I own an investment property at 24 Baseden Way, Nickol..During the last 5-6 years i have seen its value drop to the extent that it is half of what i paid for it in 2006 The council rates have not been adjusted down in the interim.Meanwhile i have had to pay for the council's PUPP project.

Now i have been informed by my property manager that there is a proposal to increase council rates. You cannot be serious about that if you hope to revive the local community, if you care for the property owners who are seriously struggling. Please reply to this email as i need to know your reason.

Thank you

Kundan Hunt
