Re: Approval to Waive Disposal Fees - Victoria Hotel Redevelopment

Dear Simon,

As you are aware, the City of Karratha recently approved an application to waive disposal fees for the Victoria Hotel Development to the value of \$112,649.00 + GST.

After the most recent request in December, it became apparent that an invoice (Inv 108542) was created in the interim which was unaware to GBSC Yurra, as a result this amount was excluded from the previous waiver request.

To this end, a further \$17,305.20 is sought to be waived from Invoice 108542 as the remaining amounts are for other projects.

Furthermore, it is understood that this waiver, along with the remaining \$5,000 of tipping fees will be completely used up prior to the end of the 17/18 financial year which will see the completion of demolition works.

Please advise if the City of Karratha wishes to waive these or if these are to be paid.

Our ongoing thanks to the City of Karratha for their support in delivering this cornerstone project for Roebourne.

Please correspond with Rob Gordon on 0417 634 361 or rob@rffaustralia.com as our client representative.

Yours faithfully,

Michael Woodley
