Policy Statements

1. We are all responsible for our safety:

Complying with all relevant legislation, regulations, Standards, processes, and guidance notes and applying responsible Standards and principles, where laws do not exist.

2. We report, learn, and improve:

Providing appropriate information, training, and supervision for all workers, contractors and customers, actively responding to and investigating all Incidents, and ensuring timely and effective management of preventive and control measures.

3. Take care of your well-being and that of others:

Fostering health and well-being campaigns at all levels and implementing specific strategies to reduce psychosocial risks and promote mental health.

4. All incidents are preventable:

Providing and maintaining a safe workplace in a leadership culture framework ~~&~~ and conducting behavioural observations to reinforce and motivate safe behaviours and correct safety deviations.

5. We are productive by being safe:

Implementing suitable risk management strategies that identify, promote, and continuously improve health and safety performance.

6. We cannot tolerate unsafe acts or conditions:

We all speak up to stop unsafe acts and conditions, engage employees, contractors, and suppliers who adopt the same values, and work with them to meet the organisation's health and safety principles.

7. We integrate good safety practices:

Implementing and maintaining our systems, consisting of safe plant, procedures, and equipment, including supporting **standards**, processes and policies. These will be regularly monitored at all levels to ensure their integrity and effectiveness
