Community Engagement & Design

What the Community Asked For:

- Engaged community through the What we Make it Platform providing three options
- Inclusive and accessible play spaces
- Safer environments for children and families
- Additional soft-fall coverage to improve safety and address community concerns about discarded needles.
- Modern equipment under shade with landscaping for comfort and visibility

Design Highlights

- All-abilities play equipment
- Expanded soft-fall zones and accessible surfaces
- Expanded area of Brolga Playground to allow for more equipment
