There are bush-style camping facilities at the Millstream-Chichester National Park entrance. Camping fees at all DBCA park sites apply and are payable online.

## Gnoorea Point (40-Mile) camping area

### Gnoorea Point, also known as 40-Mile is a natural, coastal camping area.

The splendour of the bay offers quality fishing and protection for those wishing to cool off in the tranquil waters. The camp area offers a natural boat ramp, public toilets for day users and sullage disposal points. Note: There is no drinking water available on site.

## Cleaverville nature-based camping area

### Cleaverville is a popular spot for camping or day trips located a quick 20 minutes northwest of Karratha.

Cleaverville also features fishing spots off the beach and at the mouth of the Cleaverville Creek. The camp area offers a natural boat ramp, public toilets for day users and sullage disposal points. Note: there is no drinking water available on site.

### Fishing and boating

One of the best reasons for holidaying on the Pilbara Coast is the fantastic fishing! If you have your own boat, natural boat ramps are available at both of the nature-based camping locations. Exercise caution when planning a trip on the water and be sure to allow for the 5-metre tides.

## What if you see illegal camping?

Please contact our Ranger Services on 9186 8555. You may only need to supply a vehicle registration number, make and model and location of the camper. Your information will assist the City of Karratha in following up. Any person found camping illegally will be issued with an on-the-spot \$100 infringement notice and will be moved on.
